Your Voice Matters – Make It Count!

TAKE THE SURVEY

The survey is your opportunity to share all of the good ideas that emerged from your *On the Table* conversation. You'll be able to tell us about yourself, the themes of your conversation, and the ideas you will take beyond the table. All feedback will be anonymous and aggregated into actionable data for our community.

Our Approach: Bring Your Own Device

We highly encourage *On the Table* participants, 18 and older, to complete a short, post-conversation survey before they leave your table. Please ask your guests to bring their digital device with them to your *On the Table* conversation so they can complete the survey then and there using one of these options:

- Text **OTTKY19** to **797979** to receive a direct survey link to their mobile phone or tablet.
- Go to Blue Grass Community Foundation's website at bgcf.org/onthetable/survey to access the survey link or print a paper copy.

We will also send personalized emails with a survey link to all hosts and participants who register at bgcf.org/onthetable/register by March 27.

This year's survey will be short, focused, and quick to complete. The survey will be available in English and Spanish.

We Need Your Help To Encourage Participation!

The survey is critical, as the information will generate compelling, actionable insights that can be used by local government, nonprofit, institutional, corporate, and civic leaders to drive action and improve the quality of life in our communities.

Hosts play a vital role in encouraging *On the Table* participants to complete the survey. Here's how you can help:

BEFORE *On the Table*:

- Ask your guests to register online at bgcf.org/onthetable/register to automatically receive a survey in their inbox.

DURING *On the Table*:

- Ask your guests to text **OTTKY19** to **797979** to receive a survey link directly to their mobile phones or tablets.
- Don't forget to mention the survey link will also be available on Blue Grass Community Foundation's website at bgcf.org/onthetable/survey.
