FILLING OUT THE APPLICATION:

- When you click on the Grant Application, you will see a description, as well as the applicant qualifications required.
- Applications consist of three parts that are represented in these three tabs:

- The **Applicant Information** tab includes basic information for the organization for which you are applying. Much of this will be pre-populated from the information you entered when you registered. This is also the tab where you will enter the information for the fiscal sponsor if you are using one to apply.

- The **Project Information** tab includes fields for describing the project for which you are requesting funding, including the amount requested, the total cost of the project, as well as the overall impact and sustainability of the proposed project. Please note that when filling out the narrative fields, you are able to copy and paste your text from another program. However, please be sure to proof-read the narrative for erroneous symbols and characters which can occur when using incompatible programs.
- The **Require Attachments** tab includes all of the required documents to upload with your application. This includes a project budget, organizational budget, letters of support, financial statements, etc.
- **Please note that you should click SAVE every 15 minutes while working on the application.**
- You do not have to complete the application in one session. You can save your work, logout and return at a later time to complete the application. You can directly access the application portal by going to: <http://bgcf.spectrumportal.net/Accounts/LogOn>
- When you Login, you can click the **My Saved Applications** tab and see the application(s) you have started. Simply click on the name of the application and you will be able to continue your work.
- Once you have completed the application and filled in and uploaded all required information, click **Submit** at the bottom of the page. If you have failed to provide any required information, you will be alerted of this error and the application will not be submitted. The alert will notify you of exactly what information is missing.

- Once the required information is included, you will be able to successfully submit your application.
- After successfully submitting your online application, you will receive an email confirming the receipt of you application by Blue Grass Community Foundation.
- For any questions regarding the online application process, please contact Kristen Tidwell, Director of Grants & Scholarships, at Blue Grass Community Foundation, kristen@bgcf.org or (859) 721-2347.
